"Spirit Messages on Forgiveness"
with Ellie Drew

"Why come to a talk on Forgiveness? Truthfully, this topic had never been of interest to me until it started showing up in readings for people. This is ALL NEW SPIRIT INFORMATION that is completely different and astoundingly healing. This presentation is going to be BOTH a talk and an experience!" says Ellie Drew

Over the course of the past year the Spirits have shown Ellie how karmic ties are created, affect your current life, AND MOST IMPORTANTLY, how to untie from them, all the way into past lifetimes. WHY would you want to do this? To free things up that have never made any sense to you like certain repeating non-beneficial behaviors, patterns, habits and people that you KNOW are non-beneficial yet you continue with the same patterns. These likely have ties into past decisions and agreements you made. The HOW to RELEASE KARMIC THREADS is the "Sacred Forgiveness Ceremony" that I will guide you for the second part of the talk on Saturday.

Her students call her a Practical Mystic, the Spirit World a Messenger. Ellie has studied healing modalities around the world and held a healing practice for over 10 years. Her access to the spirit world expanded exponentially with her messages from Homer Hefty (a Past President of the Tucson Dowsers who died in 2003) in her book, "Partnering with Spirit: Homer's Journey." Ellie has written several books, is an international speaker, Co-founder of the Institute for Conscious Change and of DVDs produced on Qigong. In recognition of her contribution to Qigong, she was made an Honorary Member and Founder of the National Qigong Association of America. She holds degrees in Adult Education and Nutrition from the University of Nebraska

Ellie's Workshop--Cosmic Orgasm!,

IN MEMORIUM

Virgil Mercer memorial service was held November 4th. Virgil had been a member of Tucson Chapter for nearly 20 years and with his wife Mary had been a speaker at our meetings at least twice. He was a rancher near Mammoth and led an extraordinary life. His unique approach to ranching with an ultralight aircraft in checking the range for water, rounding up cattle etc. This attained him at least 15 minutes of fame in newspapers and on national television. We will miss his humor and wisdom.

Anita Nosbush Beloved daughter, sister and friend, Anita made her transition in May. Honoring her request, her body was cremated and her ashes scattered by family members at Grandview Point in the Grand Canyon (Anita's favorite place) at sunset on September 27. The sunset was spectacular that evening. As her ashes were being cast to the four directions, her favorite song "Love in Any Language" sung by Sandi Patty, was played on a cassette recorder. During the private ceremony held by her family, a small bird alighted on one of the branches of the closest tree to the chosen spot overlooking the Canyon, and then flew off after the ashes were finished being scattered... a beautiful tribute to Anita.
