Martha Moore Stevens

**Our April
Speaker**

Martha Moore Stevens was born on a Texas farm, had a mystical healing experience at age five and learned hands-on healing as a child. She is a graduate of Jose Silva's Mind Control course, is a licensed Science of Mind Healing Practitioner, studied Prana healing and Reiki and took a four-year course from the University of Healing in Campo, CA. She works with the California Pacific Medical Center in the Complementary Medicine Research Inst. on Distance Healing. She has been a speaker many times at ASD conferences and the Ozark Research Institute's Power of Thought schools.

Martha is a rare being who is totally in her heart chakra.

The love she exudes
is palpable.

Her talk, Saturday,
"will be guided on
what to say as each
group is different
and spirit knows the
ones there and what
they can let
manifest."

Our May Speaker

Karen Ashley MA. ND, co-Director of WCC and Founder/Director of the Youth Program at the bi- annual Dowsing Convention in Santa Cruz CA, will be talking to us on Saturday May 5th on " Passing the Pendulum- A Children's Dowsing/Intuition program ".

Children are the future of this planet, are naturally intuitive and pick up dowsing easily when young; before peer pressure and teaching by cynics convinces them that and it is all nonsense.

The children will need all the skills that they can muster to stabilize their existence in the coming years and Intuition through Dowsing will help them to be in touch with any changes that will take place before they happen.

The talk on Saturday is to present ways in which parents/relatives can support and encourage their children to be aware of what is going on. This will be followed by a Free Workshop on Sunday where parents/relatives will work with the children through the program. It can be just as rewarding for the adults if they listen to their children and they will all have a great time. I know that I am lucky to have learned a lot from my grandchildren.

The location and time for the Free Workshop on the Sunday will be announced later.

Karen is an holistic Health Facilitator and has been on a lifelong journey into an in-depth study of Dowsing, Kinesiology, Energy healing, Face reading, Soul Energy

Reading, One Brain, Flower Essences and any thing else that assists humanity to a deeper level of awareness.

Will those interested in working in the program please contact Brian Disbury at 575 6693 or bdisbury@comcast.net

**Our May Workshop
Sunday May 6th-
"Passing the Pendulum"-Children's Dowsing Program**

The Children's Day, as advertised in our March newsletter, will need programming according to the ages and experience of the children, apart from the tools and books required. For the Day to be successful and run smoothly it is essential that people pre-register their children(from 5 to 13 years old) so that the teachers can prepare to make this as an exciting day for all. Parents, relatives or friends, responsible for the children, are encouraged to come along for a free day's outing. You only have to bring a packed snack lunch with you for yourself and the children as there is no charge for the day and the tools are free to use. You will have to hand them back at the end of the day but can buy them if you want to keep them.

Registration at the meeting on Saturday May 5 to book up for the Sunday Fun Day will not leave enough time for the organizers to plan their day. The number will be limited and to avoid the disappointment of not being able to attend PLEASE Pre-register.

Tina Mazur is working with Karen Ashley and the Sunday outing will most likely be at Tina's house to be confirmed in an announcement at our monthly Dowsing Meeting on April 7th.

To register or to get more information call Brian Disbury at  520 575 6693 and/or bdisbury@comcast.net
