### **NEW Adventures in Dowsing With Raymon Grace**

Dowsers, traditionally water diviners, are people seeking answers to any question, from Dowsing a Well site or finding lost article  
pets and people to checking the capability and integrity of dentists, doctors or other professionals whom we may want to work with.

Raymon Grace, a native of the mountains of Virginia has taken Dowsing to new heights, thus empowering individuals to gain more control of their lives. With a down to earth manner, he teaches in a style that is unique which characterizes his life. He has lectured at the Ozark Research Institute, the Toronto Health Exhibition and to many Dowsing chapters across America and Canada to a wide variety of audiences, including the ASD National Dowsing conferences in Danville Vermont. He has been a guest on numerous radio talk shows including "Coast to Coast AM radio. He has authored three books- "The Future is Yours-Do Something About It" "Techniques That Work for Me" and "Seasons of April-How to Help Your Kids Succeed"

Raymon will tell us about the results of his latest experiments on Dowsing, particularly Water and about the subjects that he will be talking about in his workshops. You will find his presentation relaxing and enjoyable as well as informative and useful. Tombstone, AZ,

Sunday, September 30 at The Windmill Inn, on the corner of  
Campbell and River, and Saddlebrook on Tuesday, October 2nd  
10 am to 5 pm

registration at 9.15 am.

Raymon travels extensively throughout the USA and Canada talking at conferences and giving workshops on many subjects. Working with the scientific community he is bringing credibility to Dowsing and other aspects of Metaphysics. His Lectures and Workshops range from Dowsing for Water and Clearing Energy Fields to Healing our Bodies, Emotional Release Techniques, and "SELF Empowerment". He also teaches that to survive and succeed we need to accept responsibility for our own Health, Wealth and Happiness.

This workshop will include but not be limited to The importance of water not only to drink but in our cellular structure - How to do energy clearing work quickly and efficiently-Removing old memories from the body - Going back in time to change unfortunate events in the past - Aligning spirit guides to help us - and how to maintain our balance and sanity in the future.

With our now rapidly accelerating lives getting out of sync with the earth's vibrations, and we with each other, we need to re-evaluate what we can do to make a difference as we live in a world that is becoming more polarized and increasingly more stressful. The climatic changes, and the Fear being promoted by the Media, the Medical profession and the Government can leave us all feeling less than confident about our futures, even depressed. Raymon will be helping us to prepare ourselves

so that we can face the future with more confidence and calmness.

#### ELECTION OF VICE PRESIDENT

We will be electing a new vice president at the September meeting. The nominees are Steve Klunk (our librarian) and Nancy Sharpnack (our website manager and newsletter creator).

#### IN MEMORY OF

MARJIE ANDERSON. Marjie was a long time member of the Tucson Chapter and supported us with all our endeavors. She helped in the kitchen with the potlucks except for the last year when ill health kept her home. Professionally, she was a Bio-Magnetic Touch Therapy Practitioner and was helping her clients until she made her crossing in June. For those of you who have read "Homer's Journey" by Ellie Drew, it was Homer's message to Marjie (about her energy rod) that made me believe this was really Homer.
