Sad news. I just received a phone call from Jessica at Slim and Katharina Spurling's office, saying that Slim died this morning.

Our special love to Katharina.

Kay introduced our speaker, Louis Audet, a professional Feng Shui Consultant with over 20 years of experience.

Louis spoke about many non-beneficial energies that are bombarding us every day. Some of them are:

Electromagnetic Fields, and Radiation: Tools for remediation do not eliminate, only harmonize by making them coherent.

Check out: www.energyworks123.com/; Biomagnetic Research; Qlink; Biopro; Agni Tech; Vortenna; Earthtek; and Mumetal.

Geopathics (Differ from Ley Lines), they are invisible grids similar to Latitudes and

Longitudes. Geopathic Remediation is typically accomplished by disrupting the flow of the fields. Technologies for remediation are many and varied. Most rely on object placed in the path of the field: Cobalt blue glass; Blue marbles; Blue tape; Crystals; Rebar; Wire; Fiberglass; Stones; Spurling Rods; Ogmios; Electronic Devices; Esoteric Technologies; Biogeometry

The potluck was a feast of fabulous foods. Thank you to all who brought dishes to share.

Respectfully submitted,

A Frank L Stanton poem. (contributed by Marge Hefty)

"His hoss went dead and his mule went lame./He lost six cows in a poker game./A harricane come on a summers day,/An' carried the house whar he lived away;/Then a airthquake come when that wuz gone./An' swallered the lan' that the house stood on! /An' the tax collector he come roun', /An' charged for the hole in the groun'! /An' the city marshal he come in view; /An' said he wanted his street tax, too!/"

"Did he moan and sigh? Did he set and cry?/ An' cuss the harricane sweepin' by?/ Did he grieve that his ol' friends failed to call/ When the airthquake come and swallered all? /Never a word of blame he said, / With all of them troubles on top o' his head! / Not him! He clumb to the top o' the hill/ Whar' standing room wuz left him still / An' barin' his head, here what he said: / 'I reckon it's time to git up and git; /But, Lord, I hain't had the measles yit!"
