THE WITNESS

Selecting or preparing a witness is step 1 in the 2-step process of dowsing. A witness is a tactile or visual image of exactly what it is you are dowsing for; be it water, precious metals, lost people or objects, a job, a healing or personal guidance. Witnesses have been used in prayer rituals since the earliest humans. Witnesses are part of the concept that an image of something and its reality are one.

This class explores the purpose and importance of including a witness with your dowsing tools. You will learn why a witness will intensify the intent of your request and help you to realize your dowsing goals more specifically and expediently. You will hear examples of real results and manifestations and see how to make your own witnesses.

“This class will really stimulate your thinking. Mary’s ideas are helpful in getting better results with your dowsing as well as in your life. Specific requests = specific results.

Mary shares examples from her own life.” Phoenix Life Force Chapter, ASD

Workshop REAL YOU HOROSCOPE

Joseph Campbell once said that if we were on our own pathway in life, we would always receive invisible help. We know this is true because we have all noticed that when we are doing what we are intended to do, any difficulties we encounter seem to melt away before us like the Wicked Witch before Dorothy. Utilizing the images from the Rider-

Waite Tarot Deck®, REAL YOU HOROSCOPE™ is a pictorial horoscope, clearly illustrating your own personal pathways in life, the areas of life that you are best outfitted to handle with success, the areas where you will receive “invisible help.”

Although the structure of REAL YOU HOROSCOPE™, the division of the 360 degree Zodiac into 10 degree groupings called decans, is ancient and the images on the Rider-

Waite Tarot Deck® so familiar as to make it the common language of Western tarot, the interpretations for these images are new. I began to receive them on June 8, 2004, the day of the first transit of Venus in 122 years. They came to me after thirty years of study and personal research in the fields of both astrology and tarot. They came to me after re-reading Muriel Bruce Hasbrouck's, *Tarot and Astrology, The Pursuit of Destiny*. They

came to me as the answer to a prayer I'd made asking for an easy way to use the languages of astrology and tarot to help myself and others find our divine pathways in this lifetime. And lastly, but perhaps most importantly, they came to me to dispel the fear and remove the moralizing that has too long been attached to these divine gifts.

All of the images carry positive messages and guidance for your happiness.

You do not need to know anything about astrology or tarot to participate in this workshop. Your customized REAL YOU HOROSCOPE™ will be included in the workshop fee. You will need to know the date of your birth, the city, state, and country where you were born, and the time of day you were born if you know it. Please e-mail your birth information to: creeden8037@qwest.net at least one week prior to the workshop so that it will be ready for you when you arrive. If you prefer to mail your birth information, please post two weeks prior to workshop date to: Mary Creeden, 3600 E Clarendon Ave., Phoenix, AZ 85018.

DATE: March 2, 2008 **TIME:** 10:00 - 3:00 (with lunch break) **PRICE:** \$75

**TUCSON DOWSERS
GENERAL MEETING
SATURDAY, FEBRUARY 3, 2008, 10:30 AM
Unitarian Universalist Church
SPEAKER: Atala Toy
“Dowsing: The Base for Interdimensional
Cooperation**

President Kay Eacker informed the group of the following:

Next year will be the 25th anniversary of the Tucson Dowsers.

Mary Creeden will be the speaker next month, and will be doing a workshop.

Dowsing Discussion Groups are continuing the third Thursday of each month at the homes of Terry Klunk (Northwest), and Marge Hefty (Central), from 7:00-8:30 PM. For more information, contact Marge at 885-1100, or Terry at 531-8039.

Vice-President Steve Klunk said that he saw Atala Toy speak at the SW Dowsers Conference in Flagstaff and was very pleased that she agreed to speak here in Tucson. Rev. Atala Dorothy Toy, A.M., P.P., is Secretary of the Board of Trustees of the American Society of Dowsers, and the Great Lakes Regional Vice President. She is a founding board member of The Institute for the Study of

Interdimensional Cooperation (ISIC). She is president of Crystal Life Technology, Inc., a company that provides tools and information on subtle energy and environmental issues via its website (www.crystal-life.com), its St. Charles, IL store, its publications and workshops.

Rev. Toy has appeared on TV and radio and offers workshops around the country. She is the author of two books:

“Explorations in Consciousness,” and “The Balsam and The Birch.”

Atala showed slides of photos she took with faces and figures from nature.. She talked about sinkholes being areas where there is

“negative” energy. Native peoples would lie down in a sinkhole to have the “negative” energies removed, then go into a vortex to replace with “positive” energies.

She shared stories of her experiences with nature spirits and clearing areas. She also said that when spending time in nature, don’t for instance, ask the trees what they need, ask rather what they can teach. Be open to learn.

A potluck lunch followed Atala’s informative presentation. Thank you to all who brought dishes to share.

Respectfully submitted,
Terry Klunk,
Secretary
