## The Coming of Grace

In late 2003 Michele Fitzgerald began noticing unusual phenomena occurring at a number of Neolithic monuments in Scotland and Ireland that she had been dowsing and doing other intuitive research at for almost a decade. STARS began making contact with these sites – the intelligence of stars from outside our solar system – almost like they were establishing intergalactic modem connections. The number of stars talking to the planet continued to increase over the following four years. Today, there are over 300 stars talking to the Earth--delivering and exchanging data that is intended to support a major event that will occur before the end of 2012. In her queries to discover what this was all about, all she could hear and see, over and over, was this statement: “This is the coming of grace”. Something absolutely amazing is about to happen to this planet, and to every living creature upon it. Attend Michele's presentation on April 5th to learn more about the meaning behind “the coming of grace” and what you can do to prepare for this extraordinary event.

Michele Fitzgerald is the founder of the Senzar™ Learning Center in Sedona, Arizona where she teaches advanced dowsing applications and other intuitive arts to students from around the world. She has been dowsing for over 20 years and she lectures nationally and internationally on a wide range of subtle energy topics. Michele has an intense interest in earth energies and has spent much time over the past decade researching the subtle energy dynamics at many of the great stone monuments and earthworks in England, Ireland, and Scotland. She believes that the subtle energy technology that was used in the ancient past will one day be used to solve many of our modern problems. Marge is teaching Dowsing Classes the weekend of March 15th & 16th:

Pendulum the morning of the 15th

followed by L-rods and field dowsing in the afternoon; and Map dowsing on

Sunday. Call Marge for

information at 885-1100.

Dowsing Discussion Groups are continuing the third Thursday of each month at the homes of Terry Klunk

(Northwest), and Marge Hefty (Central), from 7:00-8:30 PM. For more

information, contact Marge at

885-1100, or Terry at 531-8039.

A few items have been found after recent meetings: A pendulum in a leather pouch, and a heart pendant

necklace. If these belong to you, check at the Library table.

Kay introduced Dr. Damaris Drewry. Dr. Drewry teaches Vibrational Medicine and Sound Healing. She was

guided to attend our February Meeting, where she discovered that she's been body dowsing and didn't know

it. She did a brief presentation on how she uses her voice to locate blockages and clear them using a

volunteer from the group. She also used her voice to clear the energy in the room.

Kay introduced Mary Creeden. Mary talked about the use of a "witness" pendulum, and how using a picture

as a representation of what you wish to manifest, will help make it much easier to do so. Remember to

ask for what you want!

A potluck lunch followed Mary's presentation. Thank you to all who brought dishes to share.

Respectfully submitted,

Terry Klunk

Secretary
