**TUCSON DOWSERS
GENERAL MEETING
SATURDAY, JANUARY 3, 2009, 10:30 AM
Unitarian Universalist Church**

**SPEAKER: Nancy Clark, Ph.D.
"What If . . ."**

President Kay Eacker welcomed everyone and made a few announcements:
Margie Moody will be the speaker for February 7th.

Dowsing Discussion Groups are ongoing on the 3rd Thursday of the month
from 7-8:30 PM,

at the homes of Marge Hefty and Terry and Steve Klunk.

Marge Hefty will be teaching an Advanced Dowsing Class.

Virginia Essene will be doing a presentation at Marge Hefty's
home on Sunday, January 18th. Contact Marge for more information.

We need volunteers and/or nominations for officers for next year. Please
consider running.

Nancy Clark, Ph.D., has been a regular speaker at the Dowers
Meetings over the years. Kay introduced her and welcomed her back once
again.

According to Nancy, if it takes you 20 seconds to get a response from your
pendulum, you're not clear.

She asked various questions for us to dowse throughout her presentation.

Nancy encouraged us to be open and to focus on creating something new.
We'll then be available for these changes, these unexpected events.

Nancy spoke about the Mayan calendar and the way time is "speeding up."
She touched on the differences between Eastern and Western philosophies
and talked about the fact

that the old ways of doing things will no longer be effective. Technology
will become much

more intuitive than scientific. We will have incredible inventions combining
intuition and right brain,

bringing us more in harmony with nature. She encouraged us all to get more
in touch

with nature and the nature realm. A potluck lunch followed Marge's
presentation.

Thank you to all who brought dishes to share.

Respectfully submitted,
Terry Klunk,
